

## LEARNING DEVELOPMENT PROJECT OVERVIEW FORM

Project title	Development of technology enhanced learning in the Department of History of Art		Project ID No	CLAD – HIST037
Strategy area/theme	Historical studies			
Start date	March 2005	Completion date	July 2008	
Project type	Learner enhancement project			
Level		Programme of study		
Aims	<ul style="list-style-type: none"> <li>– To develop systems and procedures to support the effective use of learning technologies across the School of Humanities</li> <li>– For the School of Historical Studies to work in collaboration with Schools of Humanities in the development of these systems and procedures across both Schools</li> </ul>			
Objectives	<ol style="list-style-type: none"> <li>1. To use learning technologies to enhance the learning experience of students</li> <li>2. To develop staffs' skills in the use of learning technologies</li> <li>3. To have appropriate staff structures in place to support the use of learning technologies</li> <li>4. To collaborate in the development of learning technologies for learning and teaching</li> </ol>			
Overview	The development of systems and procedures to support the effective use of learning technologies across the School of Historical Studies. It targeted a range of programmes and modules that will benefit from the development of such systems and procedures, but focused on two areas, the effective use of digital images in the Department of History of Art and the further development of video dissertations in the Department of American and Canadian Studies (ACS).
