

University of Birmingham

Regulatory Framework

Academic Session 2012-2013

This is an overview of University Regulations, Codes of Practice, and core quality assurance processes which every School should have in place. The document is intended as a signposting and reference paper. Schools should refer directly to individual Codes of Practice or legislation when undertaking any of the processes outlined.

Processes concerning Postgraduate Registered Students specifically can be found in [Section 5](#).

Please note that as Codes of Practice are updated regularly, it is important to ensure that you refer to the most up-to-date Codes of Practice, which can be found on the website: <http://www.as.bham.ac.uk/legislation/codesofpractice.shtml>

Links to useful forms can be found in [Appendix 3](#).

Acronyms:

CAPP	College Academic Policy Partner
CLTC	College Learning and Teaching Committee
CQAEC	College Quality Assurance and Enhancement Committee
DoE	College Director of Education
HoS	Head of School
PGR	Postgraduate research
PSRB	Professional, Statutory and Regulatory Body
PVC	Pro-Vice Chancellor (Education)
UQAC	University Quality Assurance Committee

Contents

1. Management of Programmes and Modules

- 3.6. External Examining

4. [Staff](#)

5. [Postgraduate Research](#)

[Appendix 1: Approval, Modification and Withdrawal of Modules and Programmes](#)

[Appendix 2: Useful Forms](#)

1. Management of Programmes and Modules

1.1. Learning and Teaching Strategy

Each College should have a [Learning and Teaching Strategy](#) in place that is reviewed annually under the guidance of the DoE. Schools may develop local versions of the Learning and Teaching Strategy but these must be consistent with the University Learning and Teaching Strategy or a specific College Strategy.

1.2. Approval, Modification and Withdrawal of Modules and Programmes

[Curriculum Management Guidance](#)

[Collaborative Provision Policy](#)

[Policy on Consulting Students about Major Changes](#)

The University's procedures for approval, modification and withdrawal of modules and programmes are described in [Appendix 1](#). The DoE is responsible for local implementation of these procedures. The relevant CDU contact for each College can be found on the [Curriculum Management web pages](#).

[Collaborative provision](#) normally involves the development and delivery of a programme of study (or module) by another organisation or body, in the UK or overseas, leading to a University of Birmingham award or the award of University of Birmingham credit. Each potential collaborative provision arrangement must be approved in principle by the University's Programme Approval Review Committee (PARC) and then via University programme or module approval mechanisms and is formalised by a legal agreement. If you need advice on Collaborative Provision, please contact:

Margaret Cannadine
Collaborative Provision Manager
E-mail: m.e.cannadine@bham.ac.uk
Ext.: 44891

The University has a [policy on consulting students about major changes](#). A major change is defined as a change that materially impacts on a cohort of students.

1.3. Vice-Chancellor's Review

The Vice-Chancellor's review is a periodic review process and replaces the Vice-Chancellor's Review (from 2011/12). The Vice-Chancellor's Review encompasses an overview of teaching quality and performance; research quality and performance (service performance for Corporate Services); and market demand, structure, people, resources and strategic integration.

For more information on the Vice Chancellor's Review, please contact Olivia Kew Fickus in the Planning Office (o.m.kewfickus@bham)

1.4. Annual Review

1.4.1 Undergraduate/postgraduate taught Annual Review

The Annual Review process provides Schools with an opportunity to reflect on and evaluate the effectiveness of their teaching portfolio, both at the modular and programme level, with a view to the continual enhancement of provision for students.

The objectives of Annual Review are:

- To enable academic staff to reflect on the effectiveness of the programmes and modules within their remit, assessing the success of students against the intended learning aims and outcomes;
- To provide an effective mechanism for identifying and minimising areas of risk and to capitalise on opportunities for innovation and enhancement in relation to teaching and learning;
- To provide an efficient system for reporting the outcomes of review and monitoring accountability for academic provision at different levels in the University, demonstrating the University's commitment to improving academic quality.

The primary inputs to annual review are:

a) Statistical datasets

The datasets provided by the Planning Office provide programme and module data for 2011/12 and preceding years on a number of key indicators for Schools (e.g. numbers of entrants, first year non-continuation, completion rates, classification of degrees and employability). The School summary (and, where requested, programme review) forms will be populated with the key elements of the data before they are sent to Schools for completion.

The full datasets will be provided in the form of Excel pivot tables, available at <https://intranet.birmingham.ac.uk/planning/studentdata.aspx>

- b) BOXI reports on: student performance for the current academic session at the module and programme level in terms of progression, withdrawal, failure and degree classifications
- c) External Examiner feedback
- d) Student feedback

Information gathered through module evaluation questionnaires, Staff Student Committees (SSCs), including the annual SSC report, and both internal and external student surveys (e.g. National Student Survey, Birmingham Student Survey and Postgraduate Taught Experience Survey).

There are 3 key templates for Schools to complete during Annual Review:

- 1 Module Review
- 2 Programme Review
- 3 School Summary

The University requires that module reviews to be carried out are considered in the early summer so that any actions necessary may be undertaken before the next session, whilst programmes are considered in the Autumn when full examination data (including Resit results) and some if not all External Examiner reports will be available. Precise deadlines can be found on the [Annual Review web pages](#).

Minutes should be kept of Annual Programme Reviews and these minutes should be considered by School Teaching Committee or equivalent. In addition all Annual Review forms should be kept; and all minutes and forms should be kept in electronic and/or hard copy. Outcomes of Annual Programme Reviews should be reported to students.

1.4.2 [Research annual review](#)

The PGR annual review process provides Schools with an opportunity to reflect on and evaluate the effectiveness of their postgraduate research programmes and support for PGRs, with a view to the continual enhancement of PGR provision. It covers all PGR programmes (MRes, MPhil, PhD and Professional Doctorates) including PGR degrees with taught elements.

Each School is required to complete one annual review form for its postgraduate research provision, unless it has been agreed in advance with the Graduate School Management Board (GSMB) and the University Quality Assurance Committee (UQAC) that a College level Annual Programme Review can be completed instead. Please note, in these circumstances Colleges should complete a School Annual Review form but provide the requested information for all Schools within the College. A College Summary form should also be completed by each College.

1.5. Accreditation

[Policy on Professional, Statutory and Regulatory Bodies](#)

Accreditation is a School-led process. Dates of Accreditation visits must be provided to the University and College Quality Assurance Committee as soon as known, and the Head of College should be invited to such visits.

The outcomes of Accreditation visits are reported to CQAEC and CAPPs. It is vital that any outcome that may affect the accreditation status of graduates is reported immediately to the DQAE and the [PVC \(Education\)](#).

2 Student Progress and Support

2.1 Admissions

[Code of Practice for the Admission of Students to the University of Birmingham](#)
[Policy and Procedures for the Accreditation of Prior Learning \(APL\)](#)

Admissions procedures must be operated in accordance with University legislation and the Codes of Practice. For advice on Admissions, please contact:

Roderick Smith
Director of Admissions
Email: r.m.smith@bham.ac.uk
Ext: 43714

There are University procedures for accrediting a person's prior learning or experience for either admissions purposes or admission with credit i.e. APL. Please refer to the guidance above for University procedures.

2.2 Induction

[Code of Practice on Personal Tutoring and Academic Feedback](#)
[Learning and Teaching Strategy](#)

All new students must be inducted and returning students (including those entering at non-standard start times) must be re-inducted.

Induction arrangements should be reviewed annually.

2.3 Student Handbooks

[Code of Practice for Personal Tutoring and Academic Feedback](#)
[Learning and Teaching Strategy](#)

Each School is responsible for providing students with comprehensive handbooks. These should be reviewed annually and contain links to relevant University Regulations and Codes of Practice.

2.4 Student Support Policy

[Code of Practice on Personal Tutoring and Academic Feedback](#)

2.4.1 General

The newly implemented Code for 2012-13 replaces the Code of Practice for Student Development and Support. The new Code is a minimum specification for the personal tutoring of students on all taught programmes. Responsibilities are set out for the School, the University Senior Tutor, Corporate Services and the students themselves. The Code outlines issues that may be covered by personal tutorials and provides a role specification for Welfare Tutors. Arrangements must be reviewed annually and Schools are responsible for ensuring that the support structures are efficiently communicated to students.

2.4.2 Welfare Support

[Student Maternity Guidelines](#)

[Accommodating Students' Religious Observances Policy](#)

[Code of Practice on Suspension from Study on Health Grounds](#)

[Code of Practice on Reasonable Adjustments](#)

Welfare support must be provided for *all* students (including specific provision for Joint Honours students, and students taking programmes with different modes of delivery e.g. distance learning).

[Extenuating Circumstances: see Section 3.3.](#)

There are Codes of Practice on [Religious Observances](#) and [suspension from study on health grounds](#). Please also refer to the [Student Maternity Guidelines](#).

The University has a duty to anticipate reasonable adjustments in the design of its programmes and their assessment, and in the development and provision of other facilities and services that support students and their learning. Please refer to the [Code of Practice on Reasonable Adjustments](#) for information and advice on how to implement reasonable adjustments.

2.4.3 Progress Tutorials

Twice-yearly progress tutorials must be provided for students. Students must be told how to contact their tutor at other times of the year.

Students must be supported in their use of PDP tools (i.e. >>Progress>> WebCT Section).

2.4.4 Leave of Absence

During their period of registration, students may experience a range of significant challenges that may compromise their ability to continue to fully engage with their programme of study and to maximise their academic potential. In certain situations the most viable course of action may be to take an authorised break from study, known as Leave of Absence. Please refer to the Code of Practice on [Leave of Absence](#) for more information on this procedure.

2.5 Teaching by Students

[Code of Practice on the Teaching and Academic Support of UG and PGT students by Postgraduate Teaching Assistants and Undergraduates](#)

[Centre for Learning and Academic Development \(CLAD\)](#)

The HoS should appoint a School Coordinator with responsibility for postgraduate and undergraduate students involved in teaching. The Coordinator must ensure that the conditions of work for postgraduate and undergraduate students employed to provide teaching and academic support are in compliance with University legislation or that formal exemption(s) from the [Code of Practice](#) have been obtained. If repeated requests are being made for such exemptions, Schools are encouraged to reconsider the assessment methods.

Postgraduate Teaching Assistants and undergraduates involved in academic support must receive appropriate training and support for the duties they are required to perform. This shall include attending generic training provided by the University via the [Centre for Learning and Academic Development \(CLAD\)](#) but should also include discipline specific and module specific training provided by the School/College.

2.6 Placement Learning

[A new Code of Practice on Placement Learning](#) has been introduced for the 2012-13 academic session. It provides a template for planning new placement learning opportunities and is designed to be helpful for the management and review of existing placement learning provision.

2.7 Distance Learning

[The Code of Practice on Distance Learning](#) has been developed in order to provide Colleges with the framework to increase the opportunity for distance learning provision. This Code is newly implemented in 2012-13.

2.8 Careers Provision

There must be an annual review and planning of careers provision for students. See the [Careers Network](#) web pages for more information.

2.9 Student Concerns and Complaints

[Student Concerns and Complaints Procedure](#)

The [Student Concerns and Complaints Procedure](#) details the stages and scope of the University's process for dealing with student concerns and complaints. Concerns raised at the informal (School-level) stage must be investigated in accordance with the steps set out in the Procedure. These include arranging a meeting with the student to discuss issues, followed by a written response within a specified time period.

2.10 Student Representation

[Student Representation System Policy](#) [Regulations Section 2 - Organisation and Governance](#)

The Student Representation System is a partnership between the University of Birmingham and the Guild of Students. The aim of the SRS is to ensure that every student at Birmingham is effectively represented to the University and the Guild by at least one fellow student. The University of Birmingham will provide appropriate levels of academic and administrative resources to facilitate student representation locally in Colleges and Schools

There shall normally be at least one Staff/Student Committee within each Principal Academic Unit and there should be student representation on relevant internal committees, such as College Assembly. Student members of University committees and other bodies shall take no part in discussion or decisions, or receive papers, concerning the admission, academic assessment and withdrawal on grounds of academic failure of individual Registered Students.

3. Assessment

3.1 Taught Programme and Module Assessment

[Code of Practice on Taught Programme and Module Assessment](#)

[Adjusted Regulations \(Bachelors\)](#)

[Adjusted Regulations \(Undergraduate Masters\)](#)

[Code of Practice on External Examining](#)

[Code of Practice on Personal Tutoring and Academic Feedback](#)

Assessment setting and submission procedures must be operated in accordance with University legislation and the Codes of Practice.

Marking should be undertaken and moderated in accordance with School policy, which should be based on the guidance provided in [the Code of Practice on Taught Programmes and Module Assessment](#), Section 10.3, Marking Practices. Widespread use should be made of anonymous marking.

Schools must have clear submission procedures for assignments that form part of the assessment of a module (Code of Practice Section 11.1 and 11.2), including procedures applying penalties for late submission (Sections 11.4 and 11.5). Extensions to assessment deadlines may be granted where appropriate but the procedure must be in accordance with the Code of Practice Section 11.3, Extensions.

There should be prompt and constructive feedback to students on their academic work in accordance with the Code. [The Code of Practice on Personal Tutoring and Academic Feedback](#) states that feedback should be given feedback within 20 working days of the submission date including periods when the University is not in session, but excluding University closed days. Full details of exceptions and exemptions are set out in the [Code](#).

The [Code of Practice on Taught Programme and Module Assessment](#) lays down the requirements for Boards of Examiners including the membership, meeting and documentation (Section 3.1), roles and powers (Section 3.2), the role of External Examiners (Section 3.4) and consideration of extenuating circumstances (Section 3.5). Also see the [Code of Practice on the External Examiner System](#) (for taught programmes) and [Extenuating Circumstances and Fit to Sit Procedure](#).

Minutes of Board of Examiners' meetings must be returned to Vicki Phillips (v.h.phillips@bham.ac.uk) Registry, with Chairs' statements.

Requirements for the provision of information to students can be found in the [Code of Practice on Taught Programme and Module Assessment](#) Section 6, Provision of Information to Students.

Schools must review the assessment strategy and criteria for taught modules regularly. It is recommended that this is done during [Annual Programme Review](#) ([Section 1.3.1](#)).

3.2 Student Misconduct

[Code of Practice on Misconduct and Fitness to Practise Committee](#)

The operation of College Misconduct Committees is covered by a [Code of Practice](#). The Code of Practice sets out the procedure for:

- Misconduct cases referred to the College Misconduct and College Fitness to Practise Committees;
- Appeals to the University Misconduct and Fitness to Practise Committee against decisions of the College Misconduct or College Fitness to Practise Committees;

- The review of cases where the decision of the College Misconduct or College Fitness to Practise Committees is to require the student to withdraw from the programme of study or withdraw from the University.

3.2.1 Plagiarism

[Code of Practice on Plagiarism](#)

Suspected or alleged plagiarism must be handled in accordance with the [Code of Practice](#).

The definition of 'Registered Student' has been broadened for 2012-13 to include; 'registered student, external resit student, a student with Thesis Awaited Status or Graduand.

3.2.2 Reasonable Diligence

[Code of Practice on Student Attendance and Reasonable Diligence](#)

Robust reasonable diligence and attendance procedures must be implemented and students must be made aware of these procedures. There should be a procedure for recording and monitoring student absences and engagement with studies

3.2.3 Points Based System for Tier 4 Students

[The Code of Practice on Student Attendance and Reasonable Diligence](#)

The University has obligations relating to the points-based system and the monitoring of Tier 4 students. [The Code of Practice on Student Attendance and Reasonable Diligence](#) is to be used to underpin these obligations, and attendance/engagement monitoring for all overseas (non-EEA) students should be recorded via BIRMS within the specified timeframes for each academic session.

3.2.4 Other Policies

[Drugs and alcohol](#)
[Harassment and bullying](#)

3.3 Extenuating Circumstances and Fit to Sit Procedure

[Code of Practice on Extenuating Circumstances and Fit to Sit Procedure](#)

3.3.1 Extenuating Circumstances

Illness or other unexpected adverse events may affect any student at some time to a greater or lesser extent. The guidelines assist staff to deal with such situations in a fair and systematic manner and to assist students in understanding their rights and responsibilities.

3.3.2 Fit to Sit Procedure

A Registered Student may request a deferral of one or more centrally co-ordinated examinations based on Extenuating Circumstances using the Fit to Sit Procedure. If the request is granted by the School, the Registered Student's sitting of the examination(s) will be deferred to the next appropriate opportunity. By being present at an examination, a Registered Student is deemed to declare him/herself 'Fit to Sit'.

3.4 Aegrotat Degrees

[Regulations of the University of Birmingham - Section 7 - Assessment, Progression and Award](#)

In exceptional circumstances, where a Board of Examiners considers that a Registered Student is unable to complete the requirements of his or her programme due to serious

illness, death or other significant cause, the Board may recommend the award of an aegrotat degree, diploma or certificate. An aegrotat degree should be unclassified. Degrees which are subject to fitness to practise requirements shall not be awarded as aegrotat degrees.

3.5 Student Appeals

[Code of Practice on Primary Appeals Procedures](#)

[Code of Practice on Senate Review](#)

[Student Concerns and Complaints Procedure](#)

Appeals are submissions by students seeking the amendment or reversal of a decision taken by the Progress and Awards Board of Senate and Boards of Examiners as a consequence of their academic performance. The appeals process is not a method of circumventing or setting aside the professional academic judgment of examiners on the performance of students but it is a way of ensuring that as far as possible all relevant circumstances affecting a student's academic performance are brought to light and taken into account before a final decision is taken on the student's future.

Investigations and responses to informal (School-level) complaints must be in accordance with the [Student Concerns and Complaints Procedure](#) (Please also refer to *Section 2.9*).

3.6 External Examining

[Code of Practice on External Examining](#)

A new Code of Practice has been created following the Quality Assurance Agency's newly published guidance on external examining, which forms Chapter B7 of the new UK Quality Code for Higher Education.

4. Staff

[Learning and Teaching Strategy](#)

[Peer Observation of Teaching](#)

[Code of Practice on Personal Tutoring and Academic Feedback](#)

HoSs have specific responsibilities with respect to staff in matters of learning and teaching:

[Learning and Teaching Strategy](#)

The HoS shall ensure emphasis on teaching and the development of teaching in staff probationary plans, and in staff development reviews with existing staff.

Guidelines on [Peer Observation of Teaching](#):

Each School must have a scheme for peer observation of teaching, including a Peer Observation Coordinator or equivalent.

The HoS shall review Student Support Guidance for staff and provide appropriate staff induction and training in accordance with the Code of Practice on Personal Tutoring and Academic Feedback

5. Postgraduate Research

[Code of Practice for Research](#)

[Code of Practice on Admission of Students](#)

[Code of Practice on the Supervision and Monitoring Progress of Postgraduate Researchers](#)

[Code of Practice on Split Location Study for Postgraduate Researchers](#)

[Code of Practice on Student Attendance and Reasonable Diligence](#)

[Code of Practice on Assessment of Research Degree Theses](#)

[Annual Programme Review](#)

[Code of Practice on the Teaching and Academic Support of UG and PGT students by Postgraduate Teaching Assistants and Undergraduates.](#)

[Student Representation System Policy](#)

The University of Birmingham expects all research carried out at the University or in its name to be conducted to the highest standards of integrity. The [Code of Practice for Research](#) provides a framework for the governance of all research throughout the University. It requires all those undertaking and/or contributing to research to adhere to the highest standards of performance and ethical conduct, and embed good practice in all aspects of their work. They must operate honestly and openly in respect of their own actions and in response to the actions of others involved in research.

Admissions procedures for postgraduate research (PGR) students will be operated in accordance with University legislation and the [Code of Practice on Admission of Students](#)

The University's Code of Practice on the [Supervision and Monitoring Progress of Researchers](#) defines a minimum basis for supervising and monitoring the progress of PGR students. Colleges through their Research Committees and equivalent may have recommended procedures and requirements additional to those defined in the Policy.

The HoS or nominee must ensure that appropriate supervision and monitoring structures are in place for all PGR students (lead supervisor, academic supervisory support, and mentor or equivalent) in accordance with [Code of Practice on the Supervision and Monitoring Progress of Postgraduate Researchers](#). An appropriate number of supervisory consultations must be provided for all PGR students. A formal annual Progress Review, from which written records are retained, must also be provided. Split-location PGR students must be provided with an appropriate level of support. Every PGR student must be provided with an opportunity to comment on the standard of supervision, academic advice and mentoring received.

The HoS must also provide appropriate induction and training for staff involved in the supervision and monitoring of PGR students.

Skills training must be integrated into postgraduate research programmes. [Graduate School guidance](#) on Training and Skills Development is that effective use should be made of postgraduate research students' training needs analyses (TNA). TNA is compulsory for all postgraduate research students at the University.

Where PGR programmes involve credit-bearing taught elements e.g. MRes, EngD and PhD with Integrated Studies, those elements must be subjected to BIQAES Review processes.

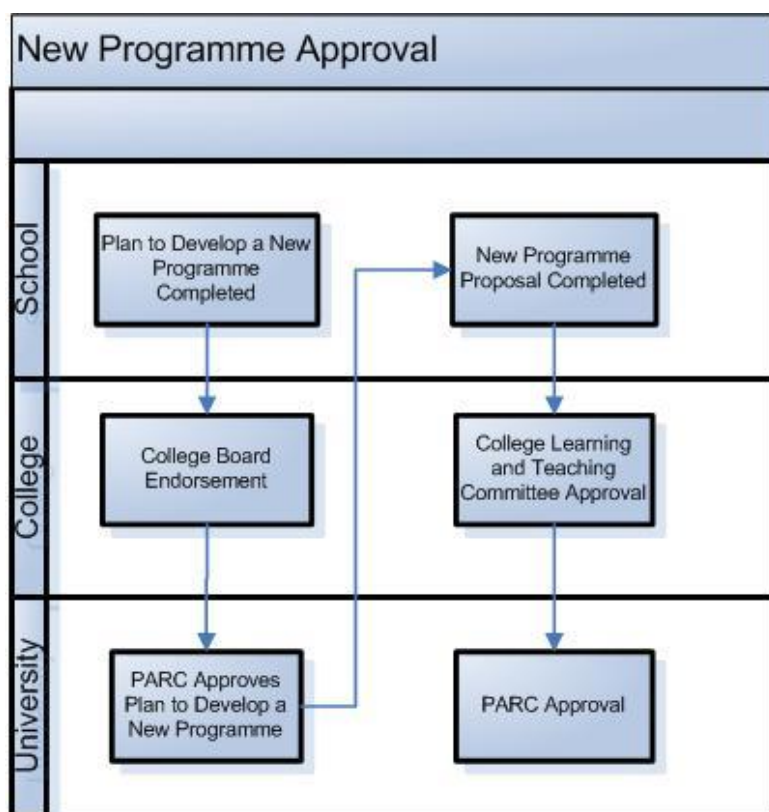

Where PGR students are employed or used in teaching, this must be in accordance with the [Code of Practice on the Teaching and Academic Support of UG and PGT students by Postgraduate Teaching Assistants and Undergraduates](#).

PGR students are also included in the University's [Student Representation System Policy](#). The University suggests separate Staff Student Committees for PGR students where this is justified by the number of PGR students.

Appendix 1: Approval, Modification and Withdrawal of Modules and Programmes

The Programme Approval Review Committee (PARC) has delegated responsibility from Senate to consider, and if thought appropriate, approve proposals for the addition, amendment or withdrawal of programmes of study at the University. All requests for approval or withdrawal of programmes should be agreed at College level, and then submitted to PARC for approval via the appropriate college contact within the [Curriculum Management Team](#).

The process for new programme approval follows the process map below:

For PARC terms of reference, and details of the processes which feed into the Committee, please refer to the [PARC web pages](#).

All requests for modification to programmes, and approval, modification and withdrawal of modules should be agreed at College level and, if appropriate, advised by the [Curriculum Management Team](#); however these do not need to be approved at any higher level than at College level. Data on College approval activity is reported to University Programme Approval Review Committee.

The only exception to this process is when extensive modification to a programme is proposed. If the Curriculum Management Team feels that the modifications are so extensive as to change the very nature of the programme, the proposal will be referred to the University Programme Approval Review Committee as an 'Exceptional Modification'.

Appendix 2: Useful Forms

Please note that as forms are regularly updated, links have been provided to the web pages from where the most up-to-date versions of the forms can be downloaded, along with relevant guidelines.

University Forms

External Examiners

- [Nomination of External Examiners for Taught Programmes](#)
- [External Examiner Extension form](#)

Modules and Programmes

Programme Forms

- [Plan to Develop a New Programme](#)
- [New Programme Proposal](#)
- [External Advisor Comments](#)
- [Withdrawal of Programme](#)
- [Modification to Programme](#)
- [Research Title Descriptor](#)
- [Programme Specification Form](#)
- [Assessment Methods Matrix](#)
- [Curriculum Map](#)
- [Skills Audit](#)

Module Forms

- [New Module Proposal](#)
- [Modification of Module](#)
- [Withdrawal of Module](#)
- [Module Specification Form](#)

Staff

- [Peer Observation of Teaching](#)

Student Forms

Undergraduate Student Forms

- [Application for a leave of absence](#)
- [Application to transfer degree programme](#)
- [Application to return from a leave of absence](#)
- [Application to permanently withdraw](#)
- [Application for external students to repeat internally](#)
- [Application to defer supplementary assessments](#)
- [Notification of Extenuating Circumstances and Fit to Sit](#)
- [Counselling and Guidance – Extenuating Circumstances Support Form](#)
- [Medical Certificate](#)
- [Student Concerns and Complaints Form](#)

Postgraduate Taught Student Forms

- [Application for a leave of absence](#)
- [Application to transfer degree programme](#)
- [Application for an extension to thesis submission deadline](#)
- [Application for an extension to maximum period of registration](#)

- [Notification of Extenuating Circumstances and Fit to Sit](#)
- [Counselling and Guidance – Extenuating Circumstances Support Form](#)
- [Medical Certificate](#)
- [Student Concerns and Complaints Form](#)
